

Hello A-one Taekwondo Family

Master Lee

Hello, everyone!

I'd like to start by saying, "You're so great, you're the best!" to all of you who've been in school for the last semester.

Someone must have studied hard for a long time to pass the test with excellent grades, and someone must have exercised hard with teachers and friends.

Whatever it is, we are so proud of the students who worked hard. As everyone knows, New year(2024) has begun!

Whatever you do, always be healthy and have a happy time with your family!

For students who consistently come to Taekwondo classes during this winter break, I hope they will be able to grow one step further.

During a relaxing witter break, prepare for big events such as promotion tests and competitions in the future by strengthening your physical and mental strength.

For students who spend a long time with their families during this vacation, please express your special gratitude to your parents who have devoted and worked hard for this happy moment during this vacation.

With the love of your parents during winter break, recharge your power like a powerful superhero and prove your strength when you return to Taekwondo class.

All the A-one Taekwondo masters want you to be an A-one Taekwondo student who is more evolved and stronger than you were a few months ago, a few days ago, a few minutes ago, by training yourself to find yourself growing physically and mentally, socially.

Master Rim

I hope that you have achieved the achievements you wanted in 2023, and I hope that 2024 will be filled with only good things.

Hello A-one Taekwondo Family

Master Yoon

We've all been working together for a long time this year, and the cold winter is back.

I would like to thank all students and parents for their hard work this year and for being with our A-one Taekwondo.

However, even in this cold winter, our taekwondo training does not end. Summer is a great season for many kinds of sports, but there are sports you can do in winter, and Taekwondo is also a very good indoor sport and martial art to do in winter. We always aim to grow up with our students, and we are always training to be the right person physically and mentally.

We always welcome your return and look forward to meeting again. I hope you are always healthy, and I hope you have a happy December.

Master Seo

Did you finish 2023 well? I hope 2024 will be a more vibrant and good year. Let's all work hard together!

Master Keum

It was a very happy and precious year with A -one Taekwondo family. I hope that all the experiences and memories of the past year will be an opportunity for further development in this new year. I wish you happiness and good luck in 2024. Happy new year !
